b) Also available in raw, laminate or any solid colour from our standard colour chart or from Dulux colour range.

4. Design Considerations

Introducing PAA Slats, offering a seamless, continuous finish listing PAA's concealed fixings. The solid slats and battens versatility and durability allow endless design possibility. PAA Acoustic Reduction (ACRE) linings in standard black or white may be integrated as insulation backing, achieving acoustic ratings of NRC up to 1.0.

PAA Slats' Features:

- WA based factory minimising lead time
- Vast range of decorative finishes
- Concealed UC fixing allowing seamless linear effect
- Quick and easy installation
- Supply and install services
- Project tailored to achieve design intent
